Hello Everyone,

I am pleased to announce that based on the survey results, the Board is planning to host a week of CEM Training in late October this year, details to follow. This will allow interested Chapter members to prepare for the CEM exam and take the exam locally (on Friday) during the training week.

Our end of the year celebration will be held during December, at lunch time, and we hope to line up the students at UT to give a presentation once again. Details will follow shortly.

I want to thank last month’s presenter, Dennis Lilley, of Austin Energy, for his presentation and tour of the new TES Chilled Water Tank at the Domain in Austin. Thanks to our members for the large turn out!

Please join us for lunch on Tuesday, August 27th for a presentation by Big Ass Fan’s, Megan Donnelly. Megan’s presentation is titled “Air Movement for Efficient Thermal Comfort”. Please join us at our San Antonio venue – Sea Island Shrimp House, 8223 Agora Pkwy (Forum Shopping Center), Selma, TX.

Have a Great Month,

Frank

Frank Richards
Chapter President
August Presentation

Air Movement for Efficient Thermal Comfort

Come join us in San Antonio for a presentation by Ms. Meagan Donnelly of Big Ass Fans. Ms. Meagan Donnelly will make a presentation that provides a 1 Learning Unit hour equivalent for the American Institute of Architects Continuing Education System. Ms. Donnelly will describe the primary factors affecting human thermal comfort from ANSI/ASHRAE Standard 55-2004. Participants will also understand how increased air movement can contribute to thermal comfort, the potential cooling energy savings possible from increased air movement, and how destratification using high-volume, low-speed ceiling fans can provide winter comfort with substantial heating savings without drafts.

August Speaker

Meagan Donnelly
Architect Engineer Specialist
Big Ass Fans, Inc

Meagan started with Big Ass Fans last June of 2012 as a sales coordinator, where she learned all aspects of the company. Next she learned about the company’s culture, how to make quotes, process orders and so on. Having quickly master those skill sets, she was then moved up to Industrial Market Specialist - which was a more hands on environment dealing with end user customers who wanted to purchase fans on the spot. In late May of this year, Meagan was promoted to Architect Engineer Specialist which required a move from corporate headquarters in Lexington, KY to Austin, TX in order to cover the south region. In this position, Ms. Donnelly works architects and engineers in helping to educate them on the benefits of Big Ass Fans in new construction projects.

Can’t Make The Meeting?

If you can't make the meeting, not to worry...At 11:45 am, log in at: http://justin.tv/eeeauin . Please be patient as page loads...it may take awhile. Once in, go to the “Live” section.

If you join in remotely, please email Linda.Rickard@AustinEnergy.com to let her know you attended the web presentation. She will add your name to the roster.
Our July meeting was a field trip to the Austin Energy Domain Thermal Energy Storage System under construction in Austin, TX. Thank you to Austin Energy’s Dennis Lilley and Wayne McKinsey for your presentation and tour!!

"Hello AEE friends" -

I’d like to encourage everyone who is attending the WEEC to come out to our CWEEL events on Thursday, Sept. 26. We will have a free breakfast from 7:30 - 9:30 AM where Nancy Sutley, Chair, White House Council of Environmental Quality, will be speaking on "Energy Policy: Challenges and Opportunities" (please register in advance at WEEC site under Networking Events). We will also be hosting our CWEEL Reception from 4:00 - 6:00 PM where you can enjoy cocktails, appetizers and, of course, sparkling conversation. Attendance to the reception is free for CWEEL members or a fee of $30 for non-members, making it a great time to update your CWEEL membership! As always, both men and women are welcome to attend CWEEL events.

I look forward to a great conference and seeing you at the CWEEL events!

Annemarie Diaz
CWEEL
Council for Women in Energy and Environmental Leadership"
AEE Foundation 2013 Scholarship Recipients

The Austin-San Antonio Chapter of the Association of Energy Engineers is proud to report that two of the 53 awards given world-wide went right here to students in Austin! Chapter Scholar Committee Chairman Norman Muraya wrote Board of Directors recently “Congrats to our club, we received the 5th highest scholarship award as well as another AEE award. Special thanks to Frank (Richards) and Cliff Finley.”. Award categories as follows: Al Thumann; $2,000; AECOM: $1,500; Konstantin Lobodovsky: $1,000; Victor Ottaviano; $1,000; CWEEL: $1,000; AEE; $500.

Congratulations to this years Austin-San Antonio AEE Chapter Winners!!

Konstantin Lobodovsky: $1,000

EEBA Houses That Work Program

The Energy and Environment Building Alliance (EEBA) Houses That Work program is coming to San Marcos on August 28th at the Embassy Suites San Marcos.

Sessions will consist of two half-day trainings for builders, contractors, realtors and all other building professionals, supported by the Department of Energy’s Building America Program. These sessions offer continuing education credits for NAHB, AIA, AIBD, BPI, RESNET, USGBC/GBCI. The trainings will be presented by Gord Cooke, one of North America’s leading building science experts and trainers.

At the Door Registration welcomed. For Additional Information check out EEBA website at:

http://www.eeba.org/
Do you know of a technology or a tour that would be of interest to our chapter membership? The board of directors welcomes your ideas and thoughts as they begin to develop the 2013 meeting calendar. Our chapter is only as good as the membership makes it...it is your chapter, please participate and provide input into the selection of presentations and tours!

Contact Program Director Adam Jalani ajilani@clearesult.com with your ideas!

Understanding Engineers...Take 8

Trust Me... I’m An Engineer...
Our Mission:

◊ Advance the professional careers and the common purposes of its members. Facilitate networking, social exchange and training.

◊ Present and discuss energy, environmental topics, and members’ ideas. Stay abreast of fast changing developments. Anticipate their future.

◊ Disseminate information to the trade and to the general public via meetings, publications, trade shows and presentations.

◊ Build an exciting, expanding chapter

◊ Cooperate with other AEE chapters and related organizations.

◊ Promote energy efficiency.
